

# JMDataPortfolio.com

JMDataPortfolio.com is a website whose purpose is to present some of Jacob's work in the data analytics/science field, and act as a place where potential clients, employers, and fellow students can see some of Jacob's data accomplishments.

## Overview

JMDataPortfolio.com is the online home of Jacob's portfolio. See some of his data science work through research and visualizations, all in one place, so you can easily see what skills and services Jacob brings to the table. Whether you're looking for a data analyst, a research assistant, or a data scientist, JMDataPortfolio.com has something to offer. You're invited to explore it and learn more about Jacob's skills and services.
